As of my last knowledge update in January 2022, the process for an Indian visa application might have evolved, so it's important to check the latest information on the official website of the Indian government or the concerned Indian embassy or consulate. Here are general steps that were applicable before, and you should verify if they are still valid:

**Visit the Official Website:** Go to the official website for Indian visa application:  
( <https://www.india-visa-online.org/fr/visa/> )

**Select the Visa Type:** Choose the type of visa you are applying for. There are various categories such as tourist, business, medical, etc.

**Complete the Online Application Form:** Fill out the online application form with accurate and honest information. Ensure that you have all the required documents ready, including passport, photographs, and any supporting documents.

**Upload Required Documents:** The online application may require you to upload scanned copies of supporting documents such as your passport, photographs, proof of residence, and travel itinerary. Make sure your documents meet the specified requirements.

**Pay the Visa Fee:** Pay the visa application fee. The payment can usually be made online, and you may need a credit or debit card for this step.

**Schedule an Appointment (if required):** Some visa categories or locations may require applicants to schedule an appointment at the embassy or consulate. If applicable, follow the instructions provided.

**Submit the Application:** After completing the [Indian Visa online application](#) and making the payment, submit your application. You may receive a confirmation with a reference number. Save this for future reference.

**Check Application Status:** You may be able to check the status of your application online using the reference number provided.

**Collect the Visa:** If your application is approved, follow the instructions to collect your visa. This might involve visiting the embassy or consulate in person.

**Travel to India:** Once you have your visa, you can travel to India within the specified dates and for the approved purpose.

Please note that these steps are general guidelines, and the specifics can vary based on the type of visa and the policies in place. Always refer to the latest information on the official website for the most accurate and up-to-date instructions. If in doubt, consider contacting the Indian embassy or consulate for assistance.
